INTRODUCTION AND PURPOSE

In 1998, the federal government passed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (also simply known as the Clery Act). This law requires colleges receiving federal funding to publish an annual report disclosing campus security policies and three years of selected crime and fire statistics, to make timely warnings to the campus community about crimes that pose an ongoing threat to students and employees, and to post a public crime log.

Kansas Christian College is a small educational community of approximately 200 students and 75 employees located in the residential community of Overland Park, KS. Overland Park's estimated population is 196,874. It is part of the greater Kansas City area with an estimated population of 2.2 million. The campus includes the Overland Christian Schools, a preschool through grade twelve academy of approximately 180 students.

The 2026 Campus Security and Fire Safety Report details important efforts to prepare for campus safety needs. This report meets federal requirements for annual reporting of incidents on campus including the requirements of the Higher Education Opportunity Act of 2008 related to the Jeanne Clery Act, emergency notification and fire safety reporting.

The purpose of the Clery Act is to provide students, families and employees with accurate, complete and timely information about campus safety so that they can make informed decisions. This report also includes information and policy statements regarding campus security and safety, for example: crime prevention, security awareness, fire safety, alcohol and substance abuse, sexual assault, procedures for reporting a crime, emergency and evacuation procedures, and other matters of importance to the campus community.

CLERY ACT COMPLIANCE

The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime, security and fire safety policies. All public and private institutions of post-secondary education participating in federal student-aid programs are subject to it. Requirements include:

- Publishing an annual report disclosing campus security policies and three years of selected crime and fire statistics.
- Making timely warnings to the campus community about crimes that pose an ongoing threat.
- Keeping a public crime log.
- Upholding basic rights to victims of sexual assault.

- Making accurate crime statistics available to the U.S. Department of Education that centrally collects and disseminates campus crime statistics at the national level.
- Facing possible fines from the U.S. Department of Education when schools fail to comply with the Clery Act.

THE MAKING OF THE ANNUAL REPORT

The Annual Campus Security and Fire Safety Report is available at www.kansaschristian.edu. The crime and fire safety statistics are posted annually on the Department of Education website. This year's report reflects crime and fire statistics that were reported in 2023, 2024, and 2025. Statistics for the current calendar year will appear in the report filed in 2027.

Crime statistics include certain categories of crimes and judicial referrals required for disclosure under the act which occurred on campus, in campus buildings and on public properties immediately adjacent to and accessible from the KCC campus.

- For Clery crime categories and definitions see page 32.
- For campus security personnel and contacts see page 8.

Campus crime, arrest and judicial referral statistics include those reported to KCC Student Services, campus security personnel, and law enforcement authorities in whose jurisdiction KCC property resides. KCC discloses all incidents reported to the department that fall into any of the required reporting classifications as statistical information in the annual report. Fire statistics, provided by campus safety and security and the Student Services Office, are for events that occur in student residential facilities.

The Student Services Office is responsible for collecting and compiling crime and fire statistics and for publishing the report. In addition to crime and fire statistics, program and policy statements are collected from the Campus Safety and Security and Student Services Office and are included in this report.

The Annual Campus Security and Fire Safety Report is released by October 1 of each year in compliance with federal crime awareness and campus security legislation, including The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.

Notification Process

By October 1 of each year, all KCC employees and enrolled or prospective students receive an email notification regarding the availability of the Annual Campus Security and Fire Safety Report. The email provides information regarding how to access the report.

CAMPUS HOUSING SAFETY

Residence Halls

With approximately 50 students living in campus residence halls, KCC continually strives to develop shared responsibility for safety in its student population. Residence hall staff members work with campus safety and security and residents to identify and resolve security concerns. Student safety and security starts with students. Crime prevention strategies are learned behaviors. Safe behaviors learned at college will serve students well now and in the future. KCC urges students to practice safe behaviors as soon as they move in. Safety education is emphasized during new student orientation, in residence hall meetings, and when deemed necessary in campus chapel services. Students are given specific instructions to keep room doors locked at all times, to never lend keys or prop security doors open, and to report strange or unusual behavior and unexpected, unknown visitors on campus to a campus security authority.

To prevent unauthorized entry onto the student residence floors, residence hall exterior doors are locked every evening during night time hours. Every resident has a room key that provides access to that student's room of the residence hall.

The residence hall has a resident director and live-in resident assistants to assist with student needs and to provide safety and security assistance. Student Services personnel are available to assist students twenty-four hours a day, seven days a week.

Employee Housing and Apartments

KCC operates seven employee houses and apartment units. Residents of on-campus housing are expected to contact the Director of Facilities or Overland Park Police when needed.

SECURITY AWARENESS and PREVENTION PROGRAMS

Safety procedures are presented during orientation periods for students and staff. Student services personnel will encourage students and employees to be aware of their own responsibility for their personal security and for the security of others.

Safety notices will be given to students and employees throughout the academic year as needed. Non-emergency alerts and notices will be announced in chapel and/or kansaschristian.edu email broadcasts. Emergency notices will be given through the campus paging system, kansaschristian.edu email broadcasts and/or text messages.

Personal Safety

Survivors of crimes are not responsible for their victimization, regardless of their actions. Criminals are responsible for crime. Not all crimes can be prevented with preparation and readiness, but campus community members can improve their personal safety by taking the following precautions:

- If you are working or studying late, arrange to leave with a friend. Lock doors and windows if you are working late alone.
- Refrain from getting in elevators or isolated places (such as stairways) with people who look out of place or behave in a strange or threatening way.
- Always immediately report suspicious people or conditions to the director of facilities or the director of student housing or the resident assistants. Program the numbers for these personnel into your cell phone for quick access.
- If you are being followed, go to a populated area.
- Be alert to any suspicious persons or vehicles.
- Carry a fully charged cell phone with emergency numbers pre-programmed.

Property Protection

- Do not leave valuables (backpacks, wallets, purses, keys, computers, phones, electronic devices, etc.) unattended.
- Engrave personal property, such as electronic or sporting equipment, with driver's license number and state like this: KS_Kxx-xx-xxxx.
- Keep a written record of all personal valuables, including descriptions and serial numbers. It is evidence that you are the rightful owner of the property.

Office and Work Area Security

- Never leave purses, wallets, or other valuables unattended. Carry them, or lock them in a drawer or closet.
- Do not leave keys unattended, and do not loan out KCC keys.
- Either contact a supervisor to approve or request evidence of authorization from persons asking for confidential information or from delivery or repair people who want to enter an area restricted to employees or students.

Key Control

- Those responsible for office keys should not leave them unattended, in plain sight on a desk, or in a top drawer where they could be easily taken or copied.
- Do not loan out your keys. Provide appropriate access personally and secure the facility.
- If keys are lost or stolen, notify the VP of Administration, campus safety and security, or the director of facilities immediately.
- For more information, contact the Office of Administration (913.647.8736)

Parking Safety

- Lock vehicles at all times.
- When returning to a vehicle, have the keys out while approaching. Check the interior before getting inside.
- Notify security or student services personnel immediately of any suspicious people loitering in the parking lot.
- Remove all valuables from vehicles. Leave them in your residence, carry them, or lock them in the trunk.
- Do not leave any items in the vehicle where they can be seen. Vehicles are often broken into for small amounts of change and for bags or boxes. A thief does not know that the bag is empty or contains something of little value.

In a Threatening Situation

- If physically attacked, attract attention by yelling loudly or using a whistle.
- If using self-defense tactics or equipment such as pepper spray, run away as soon as the attacker is disabled.
- Decide what to do in various situations before they occur. Try role-playing with a friend.
- If confronted by individuals who only want property, give it to them.
- Try to get an accurate description of the assailant. If a vehicle is involved, get the license number (if it is possible to do so safely) and call the police.

Incident Reporting

- For emergencies or a crime being committed, call 911.
- Report all crimes, no matter how minor they may seem. Notify campus safety and security of all suspicious persons or activity.

- Report any poorly-lighted or unsafe-looking areas on campus as well as any malfunctioning lights, doors or windows to the Student Services Office.

CAMPUS SAFETY

The VP of Student Services regularly tracks, evaluates and distributes crime data. For questions or information requests, call 913.722.0272 x8774 or email student.services@kansaschristian.edu.

KCC student services provides the following safety tips to increase awareness of safety concerns and to further inform the campus community of the nature of potential crimes and crimes KCC reports.

Assault/Robbery/Sexual Assault

Any involuntary sexual act in which a person is threatened, coerced, or forced to engage against his or her will, or any sexual touching of a person who has not consented, is a crime and should be reported to the Title IX coordinator immediately at titleix@kansaschristian.edu.

- Avoid walking in areas alone or known to be unsafe. Ride the bus, call a taxi, or call a friend for a ride.
- If you feel you or others are in danger, call 911.
- To report suspicious, illegal or unusual activity on or near campus, call the director of facilities, VP of Student Affairs, VP of Administration, VP of Finance, or the Director of Student Housing. For emergencies or if you see a crime being committed, call 911.

Burglary/Break-In/Etc.

- It is a crime to enter someone's residence without permission, regardless of whether the door is locked.
- Communities are safest when members look out for each other: report any suspicious activity or unauthorized strangers immediately.
- Immediately report criminal activity (such as a break-in or intruder, robbery, or assault) to 911 or for non-emergency situations on campus, to campus safety and security or residence hall staff.
- Immediately report any malfunctioning doors or windows in your residence to the director of facilities by email to facilities@kansaschristian.edu or by calling 913.722.0272 x8721 or to the residence hall staff, and insist the problem be corrected as soon as possible.
- In residence halls, do not admit or allow strangers to enter behind you (even as a courtesy) and do not lend out keys or access cards.
- Report or question visitors in the residence hall who you do not recognize as being authorized occupants.
- Only open the entry doors of a residence hall to someone you know and trust.
- Keep doors to the residence hall rooms secure (locked and closed) at all times.
- Lock doors of unoccupied offices or classrooms.

KCC Drug and Alcohol Prevention Program

In accordance with the Drug-Free Schools and Communities Act Amendments of 1989, Kansas Christian College is required to establish a drug and alcohol prevention program for its students and employees. The program includes an annual orientation seminar on drug and alcohol abuse as well as distribution of the Drug and Alcohol policy each semester. A biennial review of this program is conducted by a committee composed of the Student Development Committee, the VP of Student Affairs and the president of the Student Leadership Team to determine its effectiveness, implement changes as needed and ensure that KCC's disciplinary sanction described herein is consistently enforced.

Drug and Alcohol Policy

The unlawful possession, use, distribution and sale of alcohol of any description and illicit drugs including marijuana, is completely and strictly prohibited on the campus of Kansas Christian College or by any student or employee of KCC. Those in violation risk immediate dismissal and are subject to civil penalty as well. Criminal penalties for violation of federal and state laws include significant fines and imprisonment up to and including life.

- Hallucinogens: Unpredictable behavior; emotional instability and violent behavior; organic brain damage in heavy users; convulsions; coma.
- Narcotics: Addiction; accidental overdose; risk of hepatitis and AIDS from contaminated needles.

Resources

A variety of resources are available for drug and alcohol counseling, treatment, or rehabilitation programs. While Kansas Christian College does not provide these services, referrals to area resources can be obtained from Student Services. Additionally, Advent Health provides a substance abuse program: https://www.adventhealth.com/hospital/adventhealth-shawnee-mission/behavioral-care

Criminal Activity

Any crime, no matter how small, is important to the Student Services Office. KCC encourages all campus community members to promptly report crimes. SEXUAL ASSAULT PREVENTION AND RESPONSE

Prevention

Awareness

Kansas Christian College informs students via Title IX training in orientation each year what constitutes sexual harassment, including sexual assault, intimate partner violence and stalking, and instructs in how to respond when victimized.

Response

KCC is committed to providing a safe environment for its students. In support of that commitment, KCC has established processes for reporting concerns regarding sexual assault and for providing support to any member of the KCC community who has experienced sexual assault.

Reporting

Any member of the KCC community who has experienced or who has knowledge about unwanted sexual behavior, including sexual assault, intimate partner violence and stalking, is encouraged to file a report as soon as possible with any student services personnel or with the Title IX coordinator. Victims or witnesses may call 911 for emergency assistance. If assistance is needed in notifying authorities, the institution's personnel will assist with the process.

Kansas Christian College takes seriously all reports of sexual harassment, including sexual assault. Consistent with its obligations under Title IX, the institution investigates incidents of sexual harassment to the extent possible based on available information, takes steps to stop any inappropriate behavior and to remediate the effects of inappropriate behavior, and takes steps reasonably calculated to prevent any future inappropriate behavior. Any member of the KCC community who has questions about Title IX or wishes to report a concern is invited to contact the KCC Title IX coordinator, Leandra Martin, at 913.722.0272 x8774. Incidents of alleged sexual harassment by and/or against KCC students can be reported directly to the Title IX Coordinator at 913.722.0272 x8774 or director of student housing at 913.722.0272 x8754. Incidents of alleged sexual harassment by KCC employees can be reported directly to the Human Resources Office at 913.722.0272 x8737 or the Title IX coordinator at 913.722.0272 x8774.

KCC employees who become aware of issues of possible sexual harassment, including sexual assault, are required to notify appropriate KCC officials as follows:

- The Student Services Office at 913.722.0272 x8774 or the Title IX office at 913.722.0272 x8774 for incidents involving behavior by students
- The Human Resources Office at 913.722.0272 x8737 or the Title IX office at 913.722.0272 x8774 for incidents involving behavior by employees

When the institution is aware of an incident of sexual harassment, it is required to investigate the concern, stop the inappropriate behavior, remedy the effects of inappropriate behavior and take steps reasonably calculated to stop future inappropriate behavior. When a sexual assault is committed, the first concern is the safety and well-being of the victim. The response proceeds in a manner that is sensitive to the needs and impact on a victim, while also ensuring the ongoing safety of the campus community. A report to an employee of possible sexual harassment, except those with a narrowly defined privilege under the law, triggers a duty to investigate and stop inappropriate behavior.

Students and employees who wish to seek counsel and/or resources without informing law enforcement or triggering a duty to investigate by the institution have options that are more confidential, while still complying with federal and state law.

Please understand that sexual assault is a crime and is reportable to the police. If in immediate danger, call 911. If not in immediate danger, you may call the Overland Park Police dispatch number at 913.895.6300.

KCC professional staff can assist students with integrated and coordinated services on the campus and in the greater community. If facing a crisis, students may contact Student Services personnel 24/7 at the following number:

Director of Student Housing – 913.722.0272 x8754

Students who have experienced sexual assault or intimate partner violence are encouraged to get medical attention as soon as possible. Student services personnel are available to provide confidential transport to area clinics and hospitals.

A medical sexual assault forensic exam may be completed within eighty-four hours to collect evidence in case the victim decides to report the assault at a later date. Partial evidence may also be collected within one week. To preserve evidence, students who have experienced sexual assault are advised to not shower, bathe or wash. Clothes, sheets, blankets or other items of possible evidentiary value should be placed in a paper bag. Please contact or go to a local hospital. Student services personnel are available to advise, assist, support, and transport a sexual assault victim.

Sexual Assault Support System

The Student Services Office serves as the initial point of contact for reporting incidents of student-on-student sexual harassment and provides the following support:

- provides initial crisis intervention,
- informs students of available services on campus and in the community and what to expect with respect to the services,
- advises students of the institution's obligation to look into concerns regarding alleged sexual harassment, and to take steps to end inappropriate behavior and keep it from recurring,
- coordinates efforts to remedy the effect of inappropriate sexual behavior, such as arranging appropriate academic accommodations, changes in on-campus living arrangements, referral to on- and off-campus resources for counseling, health care and/or advocacy services, and assistance with student financial aid

The Title IX and the Human Resources offices serve as the initial points of contact for KCC offices and personnel reporting incidents of alleged sexual harassment by employees.

Concerns involving behavior by students are addressed in the *Student Handbook* and are administered by the student services office. Students, employees and community members can file concerns with student services personnel.

As part of the student conduct policies adjudication process, the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary hearing. Guidelines for cases involving sexual misconduct are detailed in the KCC Title IX policy. Additional information concerning the student conduct process can be obtained from the Student services office.

Both the accuser and the accused student must be informed of the outcome of any institutional disciplinary proceeding that is brought alleging a sex offense. Compliance with this paragraph does not constitute a violation of the Family Educational Rights and Privacy Act (FERPA). For the purpose of this paragraph, the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense and any sanction that is imposed against the accused. A student found responsible for violating the student conduct policies as found in the *Student Handbook* or *College Catalog* may be suspended or expelled. The student conduct process does not preclude the case from being criminally prosecuted in the criminal justice system.

Concerns involving behavior by employees (employee behavior toward students and non-students) are addressed through grievance processes administered by the Title IX office and Human Resources Office. All conduct and grievance processes are conducted in a manner that is consistent with state and federal law and provide required due process to all parties.

In all processes, if a student is found to have violated the student conduct policies, or an employee is found to have violated an institutional policy prohibiting sexual harassment, appropriate sanctions are imposed following the appropriate disciplinary procedures affording parties required due process. Sanctions can include the following:

- Students: sanctions may include expulsion, disciplinary probation, service hours, loss of privileges, conduct reprimand or required educational activities such as reflection paper, accruing of disciplinary penalty points, or educational meeting.
- Employees: sanctions may range from a letter of clarification up to and including termination for cause.

For more information regarding the student conduct processes, contact the Student Services Office. For more information regarding grievance processes for addressing behavior by KCC employees, contact the Title IX office and human resources office.

Disclosure to Alleged Victims of Violence or Non-Forcible Sex Offense

The institution will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the institution will provide the results of the disciplinary hearing to the victim's next of kin.

Sex Offender Registration Information

It is the policy of the institution to not knowingly accept applicants to the institution as students or employees it considers to be a potential danger to the safety, security, and educational environment of the institution.

The Campus Sex Crimes Prevention Act (Section 1601 of Public Law 106-386), a federal law enacted on October 28, 2000, provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education or working or volunteering on campus. The act amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act to require sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. It requires that state procedures ensure that registration information is promptly made available

to law enforcement agencies with jurisdiction where the institutions are located and that it is entered into appropriate state records or data systems.

These changes took effect October 28, 2002. The act also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that act, to advise the campus community where to obtain law enforcement agency information provided by a state concerning registered sex offenders. These changes took effect October 28, 2002 and this notice has been a requirement beginning with the annual security report due October 1, 2003.

The Kansas Bureau of Investigation website provides this list at http://www.kbi.ks.gov/registeredoffender/.

CONFIDENTIAL REPORTING PROCEDURES

- The institution's policy regarding the confidential reporting of crimes is to protect the identity of those reporting crimes to the extent that the law allows. Anonymous reports will only be accepted if the information is substantiated by means other than the caller's veracity.
- Campus "pastoral counselors" and campus "professional counselors," when acting as such, are not considered to be campus security authorities and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged (if and when they deem it appropriate) to inform their counselees of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

Counselors are defined as:

- Pastoral Counselor: An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.
- Professional Counselor: An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.
- Other persons who have significant responsibility for campus and student activities and who counsel or advise students and employees are not exempt from reporting, even if the counseling is confidential.

TIMELY WARNINGS

The institution may send out two types of alerts that satisfy Clery Act requirements to inform campus residents of safety and security threats: "emergency notifications" and "timely warnings."

“Emergency notifications" are used to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The process for the emergency notifications, as well as for emergency evacuations and response, can be found in the following section.

“Timely warning” notices are usually distributed for the following crimes: criminal homicide, sexual assault, robbery, aggravated assault, burglary, motor vehicle theft, arson, and hate crimes. These crimes are not inclusive and warnings may be issued for any serious or continuing threat to person, property or campus safety. Each incident is considered on a case-by-case basis depending on the facts of the case and the information known by KCC student services personnel or administrators.

Timely warnings are developed and activated by the VP of Student Affairs or a designee. They are sent via text messaging and kansaschristian.edu email accounts of all employees and students. Timely warnings, when deemed significantly urgent, may also be announced over the all-campus paging system. Follow-up information may be distributed later, such as if a suspect responsible for a series of campus crimes has been apprehended. Timely warnings will include information that will aid in the prevention of similar crimes.

The timely warning development process: A report is referred to the VP of Student Affairs, VP of Finance, Director of Student Housing, or the administrator on call. Each such incident is considered on a case-by-case basis, depending on the facts of the incident and the information available to KCC staff, and evaluated as to the immediate or ongoing threat to campus. If a timely warning is indicated, the VP of Student Affairs, VP of Finance, VP of Administration, Director of Student Housing, or administrator on call drafts a notice. The Student Services Office initiates the paging and electronic announcements. When Clery Act crimes, or other incidents that represent a serious or continuing threat to person, property or campus safety, occur near KCC property, KCC works closely with local law enforcement to ensure that the campus community is notified in a timely manner.

EMERGENCY RESPONSE AND EVACUATION POLICY

Kansas Christian College has developed a comprehensive emergency notification system that allows for the use of text messaging, emails, website homepage alerts, classroom alerts and residence hall alerts to notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff.

Emergency Response

An emergency is an event, expected or unexpected, that poses an immediate threat to the health and safety of students, faculty and staff.

All faculty, staff, and students are instructed in the basic skills of responding to emergencies in campus meetings and are given access to the Emergency Response Plan. They are informed to call 911 to report life threatening emergencies and the institution receptionist during business hours for other emergency assistance. The receptionist will contact the appropriate administrative personnel.

Confirmation of an emergency is determined when an incident commander (per the KCC Emergency Plan), public safety officer, fire official or local law enforcement assesses the situation to confirm that there is an emergency. That confirmation will be communicated to at least one of the following: VP of Finance, VP of Administration, VP of Student Affairs, Director of Student Housing, campus safety and security personnel, Director of Facilities or administrator on call.

The *Kansas Christian College Emergency Plan* is designed to provide the institution a management tool to facilitate a timely, effective, efficient, and coordinated emergency response. The *Emergency Plan* establishes that the institution president appoints a director of emergency preparedness to direct the emergency response.

Emergency Communication Systems

KCC uses the following methods to communicate with the campus community during a crisis or emergency:

- Emergency text messaging
- Public address announcements in all campus buildings including classrooms, offices, residence halls, Student Center, library, etc.
- Email alerts to kansaschristian.edu addresses
- Website posting

Student Services personnel and administrators are authorized to launch, without further approval, an emergency alert when an emergency (e.g. an event, expected or unexpected, that poses an immediate threat to the health and safety of students, faculty and staff) has been confirmed and timely notification is necessary and requires immediate action.

If an appropriate script does not exist, the director of emergency preparedness or the designated on-site designated incident commander would determine the content of the notification and initiate the notification system through the IT Office, security and student services personnel.

Potential incident commanders include the following departments: members of the Administrative Committee (President, Executive Vice President, VP of Finance, VP of Administration, VP of Student Services, etc…) and Director of Student Housing.

The policy guiding the system confirms that Kansas Christian College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

How to Sign Up for Emergency Notification

- Sign up online in the student information system: https://kcc.populiweb.com
- For additional information, email the IT Department at it@kansaschristian.edu.

Emergency and Evacuation Procedures

The institution publicizes general emergency response and evacuation procedures to the campus community through emergency documents and posters. Evacuation maps are posted in every on-campus residence hall housing facility. Evacuation drills occur at the beginning of each term and are audited for compliance.

According to institutional policy, the campus safety and security coordinator, in cooperation with the Student Services Office, is responsible for developing and testing evacuation procedures specific to each building and location.

Testing and Exercises

Tests and exercises provide opportunities to evaluate the institution's emergency response training and its ability to respond effectively to an emergency. They allow the institution to identify weaknesses in policies, plans, procedures, facilities, equipment, training, and performance. Action items identified during post-exercise and post-test evaluations are recorded for potential incorporation into emergency plans, procedures, and training as appropriate. The campus safety and security coordinator, in cooperation with the Student Services Office, has overall responsibility for coordinating emergency tests and exercises on campus.

Fire drills & alarms

Campus Safety and Security in cooperation with Student Services personnel and the Director of Facilities conducts and audits fire drills.

Alarm system checks

Fire alarm systems are checked annually and monitored constantly by an alarm notification contractor for system problems.

SECURITY OF AND ACCESS TO FACILITIES

During business the following buildings have open access:

College Building and Student Center

Administration Building

A.C. Watkins Memorial Library

Business Offices

Academic Offices

OCS Auxiliary Building

The following buildings/areas are secured at all times except during certain on-campus events where access is needed for large numbers of visitors (e.g. Orientations, Back-to-School Bash, and recruitment events) and require a key to enter.

Palmer Education Center

Shaver Hall – residence hall rooms

During non-business hours only the Student Center, Shaver Hall (lower level) and gym are accessible without a key or access card.

At least one resident assistant lives in each residence hall. Student Services personnel are on call at all times and may be called at 913.722.0272 x8754

Resident hall staff members regularly check the residence halls and residence hall rooms for cleanliness and safety. When residents are locked out of their rooms, residence hall staff will unlock their rooms and reissue keys as needed. No unauthorized guests, door-to-door soliciting or distributing of leaflets is allowed. Over extended breaks, residents must be approved to reside in the residence hall.

The institution's facilities staff maintains facilities and landscaping in an effort to keep the campus safe, clean, and attractive. Any employee or student may request repairs or correction of maintenance issues by placing a maintenance request . Annual inspections are conducted on fire and alarm systems.

SECURITY AND POLICE AUTHORITY AND JURISDICTION

Kansas Christian College maintains unarmed campus access personnel and has no campus police officers. The Overland Park Police Department is the primary police authority for the campus. Major offenses such as rape, murder, aggravated assault and robbery will be investigated by the Overland Park Police Department. The prosecution of all criminal offenses, both felony and misdemeanor, are conducted at either municipal, circuit or federal court. KCC personnel work closely with all law enforcement agencies.

Campus safety and security personnel lock and unlock doors, monitor alarms, provide safety escort service, and perform other functions.

MISSING STUDENT NOTIFICATION POLICY AND PROCEDURES

If a member of the KCC community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify the Student Services Office which will generate a missing person report and initiate an investigation.

After investigating the missing person report, should the Student Services Office or an administrator determine that the student is missing, the Overland Park Police Department will be notified. The student's emergency contact will be notified no later than twenty-four hours after the student is determined to be missing. If the missing student is under the age of eighteen and is not an emancipated individual, KCC will notify the student's custodial parent, legal guardian and any other designated contact person.

In addition to registering an emergency contact, students residing in on-campus housing have the option to confidentially identify an individual to be contacted by the institution in the event the student is determined to be missing for more than twenty-four hours. If a student has identified such an individual, the institution will notify that individual no later than twenty-four hours after the student is determined to be missing.

Students who wish to identify a confidential contact may do so by filling out a confidential missing person form. This form may be obtained from the VP of Student Affairs. When the form is completed and returned, it is maintained in the Student Services Office. Only authorized campus officials and law enforcement officers will have access to the confidential missing person form in furtherance of a missing person investigation.

Residence Life Missing Person Procedure:

1. If a student appears to be missing, the student services personnel on duty must be contacted immediately.
2. The roommate and known friends and acquaintances of the alleged missing student are asked if they have seen the student or know where the student may be.
3. The student services personnel on duty will conduct interviews and if further investigation is necessary may contact the campus safety and security coordinator to check available surveillance, and other facility use to help establish when the student was last on campus.
4. After investigating, student services personnel or an administrator will contact the Overland Park Police no more than twenty-four hours after the initial report.

FIRE SAFETY POLICY

College housing enters into contractual agreements with each student resident. Those agreements include restrictions related to portable electrical appliances, smoking and open flame. Specifically, the following prohibition is issued for residence halls:

> Possessing, displaying, or burning of flammable materials, including but not limited to, fireworks, candles, incense, gasoline, and kerosene lamps, is hazardous to the health and safety of residents.

All appliances or electrical devices are required to be compatible with 110 volts, 60 cycle power and be UL approved. Extension cords, multi-plug adapters, and the chaining together of power distribution devices is prohibited. When power strips are used, circuit breakers and reset buttons are required. Cooking appliances other than approved microwaves – *including but not limited to those with open heat sources (toaster ovens and bread toasters, for example) or no thermostat control (hot plates and grills, for example)* – are prohibited.

Decorative lighting (string lights) may not be plugged into each other. One set of decorative lights shall be plugged into one approved circuited power distribution device or wall socket.

Ceiling lights and lamps of any type, including lava and disco lamps, cannot be covered with hats, towels, or any other fabric. A charge of up to $150 and immediate removal may be imposed for any of the following: smoking within a housing facility, failure to evacuate during fire alarms, activating false alarms in residence halls, propping open fire or security doors, creating a fire hazard, malicious burning, or tampering with fire equipment (fire extinguishers, fire alarm pull-stations, smoke detectors, emergency exit signs, etc.).

The institution will pay a $100 reward for information leading to the persons responsible for tampering with fire equipment, activating false alarms, malicious burning, and possession or lighting of fireworks within campus housing. Residents are not to deface, modify, obstruct, or remove safety postings placed in residence hall rooms, hallways and common areas. Safety inspections will be conducted periodically for fire hazards. A $50 charge per violation will be imposed for not abiding by the received citation or verbal instructions of the inspector or the institution's staff member regarding the correction of fire hazards.

Items and conduct prohibited in the residence halls, which the inspector will review, are the following:

- Candles of any type (with or without a wick);
- Burning of incense, sage, or any object;
- Smoking of any type within the buildings;
- Drapes hanging over interior entries that block natural exit pathways;
- Placing flammable objects too close to the room heaters (within six inches of heater);
- Electric grills
- The hanging of any items over or covering the smoke detector;
- Flammable or combustible materials on the ceiling or covering ceiling lights;
- Excessive amounts of combustible materials (such as paper or decorations) on exterior room doors;
- Multi-plug adaptors (use approved power distribution devices);
- General room organization—residents must be able to exit the room safely.

Smoking: KCC is a smoke-free campus and thus prohibits smoking on campus property. KCC students who smoke may forfeit the privilege of continuing as students.

Student Housing Evacuation Policy and Procedures for Residence Halls:

- All students are required to evacuate their residence when a fire alarm sounds.
- Director of student housing and assistants are trained to assist in the building evacuation process.
- Outside assembly areas are identified for each hall, and students are instructed to meet in their designated assembly area.
- Residents are not allowed to re-enter the building until advised by residence hall personnel.
- Evacuation maps are posted in each hall.
- In the event students do not evacuate from the building, they will be sent through the student conduct process.
- If you have questions about evacuation procedures, please contact the Student Services Office.

Fire Safety Education and Training

Residence hall students attend a mandatory hall meeting at the beginning of the term where fire safety procedures and expectations are reviewed. Unannounced fire drills to practice those procedures are conducted during each term.

Training of residence hall staff members includes review of fire safety components of their building, expectations of the staff, evacuation procedures and their role, fire safety policies, and emergency assistance procedures. Staff members are also advised of what to expect during the annual fire safety inspections.

Fire Emergency Phone Number

For all situations posing an immediate threat to life call 911

Kansas Christian College maintains a log of fire events that occur within student housing facilities. The log is available upon request by contacting the Office of Administration.

Definition of a Fire

For the purposes of fire safety reporting, the Higher Education Act of 2008 defines a fire as any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

The Department of Education has revised the manner in which fire statistics are to be reported in 2010 and after as compared to prior years and so the tables will appear differently. The changes to 2010 fire reporting requirements include:

- The address of each facility has now been added.
- Value ranges are now required for approximate value of property damage.
- Fire classifications (cause) now fall under three categories:
    - Intentional: A fire that is ignited, or that results from the deliberate action, in circumstances where the person knows there should not be a fire.
    - Unintentional: A fire that does not involve an intentional human act to ignite or spread into an area where the fire should not be.
    - Undetermined: A fire in which the cause cannot be determined.

There were no fires affecting campus residential facilities in 2023, 2024, or 2025.

CLERY DEFINITIONS

Clery Geographic Categories

An institution must report statistics for offenses according to their occurrence in the following locations or geographic categories:

On-campus

(1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of the definition, that is owned by an institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

Residential Facilities

This definition is a subset of the locations that are defined under "on-campus." The crime statistics that are reported in this column are also included in the column under "on-campus;" they are not additional incidents.

Non-campus – [KCC operates no non-campus properties]:

- Any building or property owned or controlled by a student organization that is officially recognized by the institution
- Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the institution.

Public Property

All public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Clery Crime Categories

Under the Clery Act, KCC must annually distribute statistics on the reported occurrences of the following offenses:

Murder and Non-Negligent Manslaughter: The willful (non-negligent) killing of one human being by another. This includes death or injuries received in a fight, argument, quarrel, assault or commission of a crime.

Negligent Manslaughter: The killing of another person through gross negligence.

Forcible Sex Offense: Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent. This includes forcible rape, forcible sodomy, sexual assault with an object, and forcible fondling.

Non-Forcible Sex Offenses: Unlawful, non-forcible sexual intercourse. This includes incest and statutory rape.

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary: The unlawful entry of a structure to commit a felony or a theft. This includes unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; and safecracking.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle.

Arson: Any willful or malicious burnings or attempts to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crimes: Defined as any crime that manifests evidence that the victim was selected because of their actual or perceived race; religion; gender; sexual orientation; ethnicity; or physical/mental disabilities. A hate- or bias-related crime is the commission of a criminal offense which was motivated by the offender's bias. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's race, gender, religion, sexual orientation, ethnicity, or disability; the offense is then classified as a hate/bias crime.

Clery Arrests and Referrals

The Clery Act also requires disclosure of statistics for liquor law violations, drug law violations and weapons offenses. Reports of these violations are made differently, and reflect the total number of individuals arrested or referred for campus disciplinary action, rather than total number of incidents.

Liquor Law Violation: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness. This includes: the manufacture, sale, transporting, furnishing, possessing, etc., of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; underage possession; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and attempts to commit any of the above.

Drug Law Violation: The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs are reported. The relevant substances include opium, or cocaine and its derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics – manufactured narcotics which can cause true addiction (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

Illegal Weapons Possession: The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature. This also includes the manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; the use, manufacture of silencers; furnishing deadly weapons to minors; aliens possessing deadly weapons; and attempts to commit any of the above.

Arrest: Persons processed by arrest, citation or summons. An arrest has occurred when a law enforcement officer detains an adult with the intention or seeking charges against the individual for the specific offense(s) and a record is made of the detention. A juvenile should be counted as “arrested” when the circumstances are such that if the individual were an adult, an arrest would have been counted.

Referred for Disciplinary Action: The referral of any person to any official who initiates a disciplinary action of which a record is kept and which may result in the imposition of a sanction for a Clery Act defined crime.

The crime statistics for the last three calendar years 2023, 2024, and 2025 are available on the Department of Education website, by request from the Finance Office and on the Kansas Christian

College website www.kansaschristian.edu. Crime statistics shown are for the year in which they are reported and not necessarily in the year they occurred. Reported crimes may involve individuals not associated with the Kansas Christian College.

The Department of Education allows for presenting hate crime information in either a tabular or in a narrative or descriptive format.

Please be advised that the on-campus criminal offenses reported below in the 2024 survey, were associated with external tenants who had leased campus facilities, and did not involve our own students or staff.
